

# GKD EVOLUTION

***GKD is the first specialist sports car company to successfully utilise the mechanicals from the award winning BMW 3-series E36 (1991~1999) and/or E46 (1998~2006). This means that the EVOLUTION can be built anywhere in the world without the problem of sourcing suitable donor parts.***

*The award winning EVOLUTION is a lightweight, high performance and practical modern styled two seat sports car that has its DNA rooted in over 50 years of motorsport. This stylish roadster is the ideal high performance sports cars for the 21st Century.*

*The EVOLUTION features race proven independent suspension based on uprights and double wishbones developed specifically for the car. Adjustable coil-over dampers are used front and rear, so that ride settings can be tuned to a driver's individual needs.*

*The EVOLUTION not only equips itself exceptionally well dynamically, it also has a high level of practicality too. With its large door pockets, cavernous lockable boot, optional full wet weather gear (removable hard top and/or soft top), the EVOLUTION is a high performance sports car that could be used everyday, rain or shine. However, when the mood takes you, you can drive the EVOLUTION to a track, stiffen up the adjustable suspension and enjoy a days exciting and competitive motorsport.*

## **GKD Sports Cars, proud winners of Which Kit Car of the Year**

### **Performance - 1st Place GKD EVOLUTION**

*"No surprises that the EVOLUTION has this category covered. Its 265bhp is delivered with a hammer blow efficiency". **"The GKD takes your breath away"**.*

### **Handling - 1st Place GKD EVOLUTION**

*"The GKD has the composure to make the most of the power on tap". **"A confidence inspiring car, you can't ask for more"**.*

### **Driving Position - 1st Place GKD EVOLUTION**

*"... you sit well down in the EVOLUTION, with the tops of the doors level with your shoulders. It gives you a cosy and secure feeling...". **"Best driving position of the day by far"**.*

### **Practicality - 1st Place GKD EVOLUTION**

***"I could probably live with this one seven days a week..."**. "Little wonder that the EVOLUTION once again came out on top in this category".*

### **Value For Money - 1st Place GKD EVOLUTION**

*"... this high performance sports kit car looks **good value"**.*

### **Summary - 1st Place Overall GKD EVOLUTION**

***"This is a thoroughly modern car which, currently has little else in the way of competition"**.*

## **Which Kit Car**

### **Kit Car**

*"Believe me, this is a powerful, technically advanced, high performance sports car of great ability. It's also refined".*

### **Which Kit Car**

*"The GKD looks wicked; it's stonkingly fast; it's a great driver's car; it's surprisingly practical; and it won't break the bank". "The GKD EVOLUTION must be one of the top three fastest cars I've ever driven".*

## **Essential Chassis/Body Pack**

The "Essential Chassis/Body Package" consists of all the unique items manufactured by GKD that are essential to build a car. The remaining items can then be sourced either new or second hand on websites such as eBay or car dismantling centres.

## **Comprehensive Pack**

The most convenient way to build an EVOLUTION, one of the industry's most exciting and practical sports cars, is to purchase the "Comprehensive Pack". The only other major components required to complete your car are the donor items and your choice of alloy wheels.

## **Fully Built Cars**

The EVOLUTION can be supplied fully built to your exact specification. Please contact GKD to discuss your individual requirements.
